Answer: It is stretching things lover, pretty far in a democracy where we are all officially free and equal we are all officially free and equal for a mother not to be willing for her daughter to associate with anyone whose name isn't in the Blue Book. Of course, it is a mother's bounden duty to keep a watchful eye on her little ewe lamb and see that she doesn't flock with the black sheep, but that is just about as far as Mother should go in picking out little Mary's associates.
